The following report of the committee on permanent organization was submitted and adopted:

Mr. President: Your committee on rules and permanent organization respectfully recommend that you adopt the rules of the house of representatives of the United States of America for the government of this convention.

That the officers of the convention shall consist of a president, a secretary and an interpreter.

That Hon. Chas. A. Spiess be selected as president of said convention; that Hon. Jose D. Sena be selected as secretary of this convention, and that Hon. Hilario Ortiz be selected as interpreter of said convention.

Messrs. Catron and Palen were appointed a committee to conduct Hon. C. A. Spiess, the permanent chairman, to the chair. In taking office Mr. Spiess made a short but forcible and timely speech, which was received with great applause.

A committee on resolutions was then, on motion, appointed as follows: Messrs. R. J. Palen, Antonio J. Ortiz, G. L. Solignac, C. M. Conklin, Charles Parsons and J. R. Hudson. The report of this committee was adopted as follows:

The Republicans of the county of Santa Fe, in the territory of New Mexico assembled by their representatives in convention upon this their first opportunity hereby express our highest admiration for William McKinley, our present president, and congratulate the nation upon his being our chief executive.

While he was elected to office for times of peace, he has shown the greatest ability in times of war, and today stands as the worthy successor of our immortal Lincoln, our first Republican president. Upon his election the confidence of the people, which had been injured by Democratic misrule, was restored; our drooping home industries have been revived; our manufactures, our commerce, our home and foreign markets and our wealth have been largely increased and our laborer, thrown out of employment by the destruction of our industries under the last Democratic administration, are now busily at work and prospering in our re-opened shops and factories. The war conducted under a Republican administration has ended in a glorious triumph for this great republic, and we recognize the master mind of President McKinley in its beginning and close.

We heartily endorse the national platform enunciated at the last Republican national convention held at St. Louis.

We congratulate the people of the territory upon the appointment of Governor Miguel A. Otero and on his honest, patriotic and impartial administration and we hereby express to President McKinley our gratitude for the appointment of our chief magistrate from the ranks of our own people and for the selection of one, who by reason of his long residence in the territory, intimate acquaintance with and knowledge of the desires and necessities of the people, enjoys their respect and confidence throughout the entire territory.

We commend the able and fearless administration of justice under that just and upright judge, the Hon. John R. McFie.

It is with pride that we point to the immortal record made by the New Mexico "Rough Riders" in the battle at La Guasima, they with members of the now famous 10th regular cavalry were the first to shed their blood on Cuban soil. A committee of five delegates was then appointed to recommend 16 delegates to represent Santa Fe county at the territorial convention, and upon its report the following were chosen: T. B. Catron, Antonio Ortiz y Salazar, Max Frost, R. J. Palen, Antonio J. Ortiz, A. L. Kendall, Ignacio Sena, J. A. Lucero, J. P. McNulty, Atanasio Romero, G. L. Solignac, M. A. Ortiz, Chas. A. Spiess, John V. Conway, C. M. Conklin, H. L. Ortiz.

Colonel R. E. Twitchell addressed the convention with one of his characteristic and eloquent speeches.

On motion, the following precinct chairmen were then elected by the several precinct delegations:

Precinct 1, Nicolas Quintana; 2, Hipolito Dominguez; 3, David Gonzales; 4, Canuto Alarid; 5, Felipe Romero; 6, Trinidad Alarid; 7, Charles H. Cartson; 8, Librado Valencia; 9, Pedro A. Lujan; 10, Matias Sandoval; 11, Victor Ortega; 12, Donaciano Madrid; 13, Jose Amado Lucero; 14, John V. Conway; 15, Max Frost; 16, Frank Bradley.

The following county central committee was then named: Antonio Ortiz y Salazar, chairman, T. B. Catron, Juan Ortiz, of Galisteo; Max Frost, R. J. Palen, Chas. A. Spiess, John V. Conway.

Mr. Jose D. Sena was appointed secretary.

The convention then adjourned sine die.

MINOR CITY TOPICS.

The Presbyterian synod of New Mexico will meet at Socorro, Friday, October 7.

U. S. weather bureau forecast for New Mexico: Generally fair tonight and Saturday.

It is reported that 50 miles per hour is to be the schedule time for the Santa Fe's limited trains between Chicago and the coast.

Architect I. H. Rapp has gone to Waldo to look over the stone quarry for material for the steps in front of the capitol building.

Dr. Coues tells a Denver Republican reporter that an effort will be made to induce the New Mexico legislature to turn over the Smithsonian institution the De Vargas manuscripts.

Yesterday the thermometer at the local weather bureau registered as follows: Maximum temperature, 77 degrees at 3 p. m.; minimum, 48 degrees at 6:15 a. m. The mean temperature for the 24 hours was 62 degrees.

The board of registration in precinct No. 18 will meet at the house of Juan R. Ortiz, on October 1, for the purpose of registering the voters of the precinct. The members of the board are Manuel B. Salazar, Juan R. Ortiz and Sixto Manzaneros.

Superintendent J. E. Hurley, of the Santa Fe road, has notified Agent Lutz, that he will send notice of the time at which the boys from Whipple barracks will pass through Lamy in plenty of time to allow the people of Santa Fe to prepare lunches and other articles to take to the train, and also that accommodations would be furnished to carry all who desire to go to Lamy to meet the troop trains.

There was no meeting last night of the city council, although the intentions of the aldermen who did show up were of the best. The mayor, the clerk and Aldermen Alarid, Lopez and Sena were on deck and answered "present" as their names were called, but that was not a quorum, and as no one else appeared, the "convention adjourned subject to call from the chair," or words to that effect.

Captain B. Brahm's Colts and Captain L. Delgado's Jayhawkers struggled for honors on the college diamond yesterday afternoon. Score 15 to 12 in favor of the former. Batteries for the college boys, J. Marquez twirler, B. Brahm catcher; for Jayhawkers, E. Delgado pitcher, O. Delgado catcher, J. Marquez twirler.

Mr. Brahm became the idol of the Brahm Colts for his in, out and upshots and also for his stick work. Umpires, T. Mirabal and A. Mejia. There is a game on for next Sunday between the Santa Fe Junior Athletics and College Cyclones. Chief Griego will attend to the latter's interest, while Jose Duran will interest himself with the former's welfare.

Word comes from Espanola that on yesterday two unknown men were left behind by the northbound train. The residents of the town, thinking that they were suspicious characters, rounded them up, and at the trial it developed that the suspects were Hon. H. B. Cartwright and Mr. A. J. Walker of Santa Fe. Of course they were at once released, on the distinct understanding that they leave for Ojo Caliente on the next train. The friends of the gentlemen in this city are arranging to send some one to Ojo Caliente to care for them while there and conduct them safely home.

You can get a fine dish of green chili at the Bon Ton.

Pointers From Northern Rio Arriba.

Mr. P. M. Dolan, who is well and favorably known here and who is now a leading merchant at Chama, in Rio Arriba county, is in the city on business. Mr. Dolan says that the section of Rio Arriba county where he resides, is prosperous. This past season great crops of oats and potatoes were raised and Chama without irrigation; cattle and sheep are doing splendidly; lambs bring \$2 per head and are hard to get at that. There are a great many sheep in northern Rio Arriba county, he estimating their number at several hundred thousand. The good lands on the Tierra Anarilla land grant, owned by Hon. T. B. Catron, are being slowly secured by actual settlers who either rent or buy from Mr. Catron. The lumber industry on the grant is in full blast, about 40,000 feet of lumber per 24 hours being the output. This makes a very handsome income for Mr. Catron as the stumpage brings in a very fine revenue. The D. & R. G. is expected to put up a new round house at Chama soon and will improve its facilities at that point. Mr. Dolan is well pleased with his change as he is doing a mighty fine business now and he thinks it will increase and keep up. He will remain here a few more days partly on business and also visiting friends and acquaintances.
